VOLUME 32 :: ISSUE 01 FEB. 2020

Hello Blacksheep! Well here we go into 2020 with a whole lot of stuff on our plate. The minutes from our Feb. meeting have been sent out and all of you should have received a copy.

Here are a few of the highlights of the meeting.

MOST IMPORTANT is our Building fund for a new flying field. You will be hearing about it all year long as we try to raise enough cash to purchase and OWN our field. I don't want to become like one of those folks on the PBS broadcasting system, and no doubt you will get tired of hearing us asking you to contribute. However we must raise these funds if we are to continue to enjoy our hobby at our current field or at a new one. PLEASE HELP!

We have scheduled a lot of activities at the Feb. meeting and I hope you will participate. Some of the highlights of the upcoming season are as follows.

1 **March 7th**. Swap meet with the Barnstormers at Graceway Baptist Church 5010 South Farm Road, Springfield MO. Doors open to public at 8:00 AM. Exhibitors 7:00 AM. Plan on attending and having a good time.

2. **April** Thursday evening flying starts again. Come on out to the field and join the fun.

3. **MAY** The spring Camp and Fly is scheduled for May 1st 2nd and 3rd.

4. **June** 13th and 14th. Big Fun Fly at the Flying H RC field in Mt. Vernon. If you missed this last year **you do not want to miss it again.**

Simply gorgeous field and a great turn out of RC flyers from all of SW MO. Allen Heisner is a great host and rabid aviation enthusiast.

5. July 18th Regional Fly in at Blacksheep field.

6. August 22nd. Field Repairs

7. Sept. Fly in for regional clubs.

8. Oct. Fall Camp and Fly Oct. 9th 10th and 11th.

9. Nov. Elections for officers.

10. Dec. Christmas party.

FAA regulations on remote ID of RC aircraft.

You should have received an email from the AMA asking that you submit your comments to the FAA. The AMA prepared some templates you can use to voice your objections to these proposed regulations. Take the time to send one of these in to the FAA.

Guys I will try to get these newsletters out to you on a more regular basis. Meantime get ready to FLY IN 2020! Ron
