## President's Corner

I hope August finds everyone doing well. Please make plans to attend the meeting this week since we didn't have a meeting in July. There isn't too much to discuss but we will have a reporter from the News Leader who wants to do a story about our club. I hope the weather is good so we can have planes in the air! I don't know much about his plans but his name is Nathan Papes so make him feel at home if you see him.

The National Fly Day is coming up and it looks like we are low on help. The big question will be whether to do it or cancel. If you feel strongly about having the event then be sure to have your volunteer hat on and get involved. We'll discuss that more at the meeting.

Things seem to have been running pretty smoothly at the field. Or at least I haven't heard any differently! As always, if you have any questions or concerns please let me know.

See you at the field-

Wes "Scott" Parker

## July Meeting Minutes

As there was no meeting on July 2, there are no minutes to post.

## NATIONAL FLY DAY

Please make every effort to attend the upcoming meeting on August 6 at the club field. It will be the last meeting before the AMA National Fly Day event.

## SAFETY FIRST

Over the past month or so, the flight conditions at the field have been great. However, the temps have passed the 100 \* mark on several days.

Please be sure to drink PLENTY of water when at the field. There is always a supply of bottled water and cans of soda available. The cost of \$.50 per is a small price to not become over heated.
